SUMMARY

Highly skilled and motivated IT professional with over 7 years of experience in Windows and Linux administration with good troubleshooting skills on Mac. Excellent communicator with a talent for explaining technical concepts to non-technical stakeholders. Seeking to leverage my skills and experience to transition into a Data Analyst role, utilizing my data science and machine learning expertise to bring valuable insights to an organization with a forward-thinking culture.

EDUCATION

Scaler School of Technology

Data Science and Machine Learning
Present

Alagappa University

Master of Business Administration
May 2018

Subbalakshmi Lakshmi Pathy college

B.Sc(Information Technology)
March 2015

SKILLS

- Strong organizational and time-management skills
- Exceptional communication and interpersonal skills
- Ability to work independently and as part of a team
- Detail-oriented and able to handle multiple tasks simultaneously
- Experience in providing insights from the given data.

COURSE HIGHLIGHTS

- Studying Data Science and Machine Learning course at Scaler Academy.
- Current Modules Covered: SQL, Tableau, Excel, and Python.

- SQL Topics Covered: Extracting data, filtering data, group and aggregate functions, joins, windows function, date and time function, advanced constructs - CTEs, SQL query optimization, DDL and DML Commands, Index, and partitioning.

PROJECTS

- Business Case Study: Conducted an in-depth analysis of a real-world dataset for a company (confidential). Explored various dimensions including order status, pricing, payment and freight performance, customer location, product attributes, and customer reviews. Derived valuable insights into business operations, order processing, pricing strategies, and customer satisfaction levels.

PROFESSIONAL EXPERIENCE
